| <p>Access to next level of education/professions This programme gives access to higher vocational education (hbo). Technical/physics hbo programmes such as Electro technique, Technical business administration and Industrial product design would seem the most obvious. The Managing mechanic electro technical installations can move up to designer/project leader (Associate degree: Electro technique) or broaden his expertise to service technician electrotechnology or installation planner.</p> | <p>International agreements The profession of Managing mechanic electro technical installations is not regulated in the Netherlands. However the education and training for this profession on qualification level 4 is regulated under the European directive 2005/36/EC, amended by directive 2013/55/EU. The regulated education and training gives access to regulated professions at the level of a diploma according to article 11 of this directive.</p> | | | | | | | | | | | | | | | | | | | | |
| <p>Legal basis Act on Vocational Education and Training (WEB), registered number of qualification (crebo): 94291 The education and training for this qualification is offered as of August 1, 2008.</p> | | | | | | | | | | | | | | | | | | | | | |

| 6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE | |
|---|--|
| <p>Senior secondary vocational education features two learning pathways: the school-based pathway (bol) and the training on the job pathway (bbl). In the school-based pathway, the majority of the course consists of theory at school. The extent of the practical component (vocational practice) is between 20% and 60%. In the training on the job pathway, the extent of vocational practice is at least 60% of the course. The participant works four days a week in a training company, and attends school for theory subjects just one day a week. In principle it is possible to follow both learning pathways, but which pathway is offered will depend on the individual educational institution.</p> | |
| <p>Average duration of the education/ training leading to the certificate</p> | <p>4 year(s) (6400 study hours) (depending on previous education)</p> |
| <p>Entry requirements The certificate preparatory vocational secondary education (vmbo) advanced vocational programme, combined programme, or theoretical programme, or a comparable level.</p> | |

| 7. ADDITIONAL INFORMATION |
|---|
| <p>Dutch senior secondary VET is based on qualification files, that each contain one or more qualifications. The information in section 3 and 4 is drawn directly from the qualification file, that is composed by the Centre of Expertise. The complete qualification file is available at www.kwalificatiesmbo.nl, only in Dutch.</p> <p>Additional information, including a description of the Dutch national qualifications system, is available at the Netherlands National Reference Point (NRP) for VET: www.nlnrp.nl</p> <p>SBB has been appointed by the Ministry of Education, Culture and Science as NRP.</p> |
