**Certificate Senior Secondary Vocational Education**  
**Qualification: Skilled stock farm worker**

This translation has no legal status

## 3. PROFILE OF SKILLS AND COMPETENCES

The most important duties of a Skilled stock farm worker are:

The most important duties of a Skilled stock farm worker are mostly routine activities, however working with animals demands constant attention. He performs all daily activities independently. It concerns activities such as feeding, taking care of the animals, taking care of the food- and water supply, taking hygienic actions, maintenance on the farm and the equipment. He recognises stagnation in the process, reports this to his manager and takes action to prevent stagnation if possible.

The Skilled stock farm worker is responsible for the quality of his work. Because of his knowledge the owner/manager will ask him for advice concerning technical aspects of his work. Feedback of the activities takes place constantly.

#### 5. OFFICIAL BASIS OF THE CERTIFICATE

ble to a course at qualification level 4.

regulated in the Netherlands. However the education and training for this profession on qualification level 3 is regulated under the European directive 2005/36/EC, amended by directive 2013/55/EU. The regulated education and training gives access to regulated professions at the level of a diploma according to article 11 of this directive.

##### **Legal basis**

Act on Vocational Education and Training (WEB), registered number of qualification (crebo): 11022

#### 6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Senior secondary vocational education features two learning pathways: the school-based pathway (bol) and the training on the job pathway (bbl).

In the school-based pathway, the majority of the course consists of theory at school. The extent of the practical component (vocational practice) is between 20% and 60%. In the training on the job pathway, the extent of vocational practice is at least 60% of the course. The participant works four days a week in a training company, and attends school for theory subjects just one day a week.

In principle it is possible to follow both learning pathways, but which pathway is offered will depend on the individual educational institution.

**Average duration of the education/ training leading to the certificate**

**3 years (4800 study hours) (depending on previous education)**

##### **Entry requirements**

The certificate preparatory vocational secondary education (vmbo) advanced vocational programme, combined programme, or theoretical programme, or a comparable level.

#### 7. ADDITIONAL INFORMATION
